

## What is DSMIG-USA®?

The Down Syndrome Medical Interest Group (DSMIG-USA) is an interdisciplinary group of health professionals who serve individuals with Down syndrome (DS) and their families. Members include physicians, scientists, nurses, clinic coordinators, therapists, social workers, health educators, psychologists, genetic counselors, students/trainees, and other professionals from across the USA and internationally.

## Why join DSMIG-USA®?

- Access to a network of providers caring for children and adults with DS.
- Opportunity for expert discussion about dilemmas in clinical care via listserv.
- Up to date information on guidelines, research, DS clinics, and resources.
- Discounted Annual Symposium registration.
- Contribute to DSMIG Project ECHO, a virtual meeting for health care providers to learn and share information about the care of people with DS.
- Opportunity to serve on a Committee: Membership; Annual Symposium; Clinic Support; Marketing; Education; and/or Workgroup: Adult Healthcare; DS-ASD; Medical School Curriculum; Immune Disorders; Therapy.

## Our Mission in Action:

DSMIG-USA is committed to:

- Educating professionals on the latest research and comprehensive care regarding DS.
- Facilitating networking among professionals caring for individuals with Down syndrome.
- Mentoring the next generation of health care professionals.
- Identifying, creating, and disseminating best practices of care.
- Supporting the development of Down syndrome clinics.
- Advocating for the needs and well-being of people with Down syndrome and their families through community collaborations.
